

# Room in Your Heart

WE ARE ANIMAL GUARDIANS • ANNUAL APPEAL 2020

The year 2020 has been a challenging one for shelters due to COVID 19. Many of the shelters closed their doors to the public for months. WAG stayed open and worked out ways to take in as many as we could and get them into new homes. We want to thank our resourceful team of foster homes and vets for their help and extra work under difficult conditions of intake and showing pets.

Our annual Room in Your Heart flyer is used as an adoption flyer. We don't put animals in the program lightly, and, once they are in, it is our goal that they are adopted before next year's flyer comes out.

**All ten of last year's RIYH pets were placed in the past 12 months.**

Regardless of how long it takes, we will keep looking for a permanent home for all of our pets. We feel lucky to have so many caring supporters who allow us to keep our animals until suitable homes are found. We couldn't do this without your generosity! Your donations are crucial and very much appreciated, and we hope you will continue your support so we can help more animals.

## FOSTER HELP

All the WAG pets available for adoption are in foster homes; it is an integral part of our operation as a shelter.

Foster care provides a temporary home until the right adopter can be found. It makes a big difference for the pets, and for the success of adoption as well. Fostering allows WAG to learn the personality traits of each

pet and how they behave in a home setting, which provides important information to adopters and helps make the best choice for a permanent home.

Many animals come into rescue confused and very frightened. Others just have no idea what has happened to them.

WAG provides the supplies and medical care; the foster supplies the love and attention.

WAG has had much success with those fosters who are retired, work from home, or have the ability to be around during the day. Homes with young children are typically not the best option for rescued pets. They need a place to feel calm with an ordered life.

## OUR MISSION

Founded in 1996, WAG is an all-volunteer rescue and adoption organization based in central New Hampshire. We are dedicated to providing humane care and shelter for abandoned, abused, and unwanted animals; finding them suitable homes and increasing public awareness of responsible pet ownership.

While we work hard to make each placement permanent, we know that things can change in people's lives. WAG will take back any pet without question, regardless of how long the pet has been in the adoptive home. **We are here for an animal's entire life—no matter what.**

The color printing of this document was made possible thanks to a generous in-kind donation from our printer.
